# PADIGLIONE NORD - Piano 2°

## Pianta infissi e serramenti

This architectural floor plan illustrates the second floor of the North Pavilion. The layout includes several rooms and corridors, with doors and windows meticulously detailed with their respective dimensions and specifications. Key features include:

- Room Layouts:** The plan shows a complex arrangement of rooms, including a large central hall, several smaller rooms, and a corridor system connecting them.
- Door and Window Specifications:** Numerous doors and windows are labeled with their dimensions (e.g., 80/210, 120/210, 100/250) and some with specific material or performance codes (e.g., REI 120).
- Structural Elements:** The plan includes structural details such as columns, walls, and floor levels, indicated by various line styles and annotations.
- Orientation and Scale:** The plan is oriented with North at the top, and a scale bar is provided at the bottom right for reference.

The drawing is a technical representation of the building's second floor, providing a clear view of the spatial organization and the placement of architectural elements.
